

ESCC JUNIOR TEAM

OFFICIAL DUTIES

Firstly, thank you for assisting to ensure we continue to be a great club in the competition. Your help and the efforts of the boys allow us to effectively represent each team well within the competition.

Below is set out the key responsibilities of each role. This year we have separated the game day roles so that the coach can focus solely on the boys and their performance and the team manager can complete the other responsibilities. It may be that in some teams the roles will be combined but made easier if the two roles can be established.

Game Day Coach

- Liaise with the club coach on training & selection
- Ensure the game day operation of the team
- Ensure the game is played as per the rules and code of conduct
- Inspect home ground pre match and mark out boundary if appropriate
- Responsible for the team kit

Team Manager

- Responsible for all team communications
- Inspect home ground pre match and mark out boundary if appropriate
- Establish a roster of parents for scoring & umpiring and communicate
- Responsible for the scorebook pack
- Ensure parents are aware of how to score & umpire for each match
- Ensure scorebook is complete at the end of each days play
- Weekly entering of team data into the MyCricket website (passwords and instructions to be supplied)

Best of luck with your team for the season!

Please give either Stephen Inglis (0418575190) a call if you have any questions.
